

Job Title: Data Scientist

Department: Advanced Analytics & Data Solutions

Location: London, UK

Reports To: Head of Data Insights

Job Summary:

At NexData Analytics, we are seeking an experienced Data Scientist to join our growing Advanced Analytics team. You will work with diverse data sets to develop predictive models, analyze trends, and support strategic decision-making across various departments. Your insights will directly impact our global initiatives and help shape the future of data-driven decision-making at NexData.

Responsibilities:

- Develop and implement machine learning algorithms to improve operational efficiency and customer satisfaction.
- Conduct exploratory data analysis to uncover actionable business insights.
- Collaborate with engineering

teams to build and maintain scalable data pipelines.

- Present insights through interactive dashboards and reports using Tableau and Power BI.
- Stay updated on industry trends and research to apply cutting-edge techniques.

Qualifications:

- **Education:** Master's degree in Data Science, Mathematics, Computer Science, or related discipline.
- **Experience:** 4+ years in data science, with a proven track record of developing predictive models.
- **Technical Skills:** Advanced Python and SQL expertise, familiarity with TensorFlow and Scikit-learn, and proficiency with cloud platforms (AWS, Azure).
- **Soft Skills:** Exceptional problem-solving skills, strong communication abilities, and a collaborative mindset.

Preferred Skills:

- Hands-on experience with NLP and recommendation systems.
- Exposure to financial or e-commerce data analysis.

Benefits:

- Competitive salary up to £85,000 annually, with performance bonuses.
- Comprehensive private healthcare and wellness programs.

- Flexible work-from-home policy with a £500 home office stipend.
- Annual learning and development budget of £2,000.

Company Overview:

NexData Analytics is a leader in data innovation, partnering with top-tier organizations across Europe to unlock the potential of data-driven strategies. Our collaborative culture prioritizes growth, diversity, and inclusivity.

How to Apply:

Submit your CV and cover letter to careers@nexdata.com by December 15th, 2024. Please include "Data Scientist Application" in the subject line.
